STEINWAY & SONS

ABOUT SPIRIT PIANOS MUSIC & ARTISTS COMMUNITY NEWS

"The artistic spirit and effortless beauty of solo piano music can only be experienced when performed on an instrument that offers a secure and gracious home to the musician. With a well-maintained Steinway piano, there are no wrong notes. When I perform on a Steinway, I feel as if I'm in the right place, doing the right thing, at exactly the right moment in time. I become one with the instrument. I'm at home. As a composer, performing pianist, and author of books about music, I choose Steinway. The piano makes my music sing, helps me find the words, and inspires me to keep writing and playing." August 11, 2008
